Dear Tarbiat Modares University,

The title mentioned above has been evaluated for inclusion in Scopus by the Content Selection & Advisory Board (CSAB). The review of this title is now complete and the CSAB has advised that the title will be **accepted** for inclusion in Scopus. For your information, the reviewer comments are copied below:

Thank you for your request to have the Journal of Food Science and Technology (Iran) indexed in Scopus.

Journal of Food Science and Technology (Iran) fills a nice market in reporting research findings in food science and technology in Farsi.

Articles have an English abstract and legends of Tables and Figures provided in English.

Journal of Food Science and Technology (Iran) was assessed in 2019 to be indexed in Scopus. A number of issues were raised which needed to be addressed before the journal could be indexed.

These issues have now been addressed and the Journal of Food Science and Technology (Iran) can be indexed in Scopus.

The citation record of Journal of Food Science and Technology (Iran) will need to improve if the journal wishes to remain indexed in Scopus. Based on citations, the Journal of Food Science and Technology (Iran) is ranked 1470 out of 1481 among its peer journals which corresponds to the 1st (lowest) percentile. Journals ranked so low have difficulties remaining indexed in Scopus.

In general, all recently accepted titles will be listed separately in the [Scopus Title list](#) list within 1 month after acceptance, see the second tab 'Accepted titles'. If you can't find your title there, please check the tab 'Scopus sources'.

Our Source Collection Management department will contact the publisher of this title within the next three months to initiate the indexing process for Scopus. A content coverage agreement needs to be in place before we can start adding the content to Scopus.com. If you are the publisher, please do not send us your content yet unless requested by our Source Collection Management department.

Yours sincerely,

Scopus Title Evaluation Support
